For all the information on our complete range, why not drop bikerheadz.co.uk into your favourites? We're proud of our site and have spent a huge amount of time in making our online experience one that you'll enjoy, want to come back to and share with your friends.

We look forward to socialising with you.

bikerheadz

FUELLED BY TRANAM

Bikerheadz is the motorcycle division of TranAm Ltd - a specialist UK based wholesaler founded in 1976. With nearly 50 years' experience in the motorbike industry and over 90% of our staff being bikers we're proud to exclusively distribute and promote the best quality brands the world has to offer.

For 2022, we continue to evolve our Bikerheadz digital platform with a slicker website, new video studio and more informative content via our social media channels.

Consumers can view our range of the world's best, premium and technical motorcycle clothing and accessories on these pages. You can then find out more at www.bikerheadz.co.uk and use our dealer locator to find your nearest stockist. With our network of over 400 specialist dealers, you're sure to find one nearby and we aim to deliver our brands to them on a next-day basis. You can also connect with our social channels where we'll keep you informed on all the latest product news, releases, best rides, as well as letting you know what we're up to at Bikerheadz HQ.

As a retailer, our platform is designed to make your life as easy as possible. We know how time-consuming tasks such as social media post creation, website management, brochure creation and online advertising can be, so we do that for you. We'll engage the consumer and direct them through your door. We're proud of our online experience and have spent a huge amount of time in making our website one that you and your customers will enjoy. You can even use some of our website content to populate yours! Our YouTube channel shares further product details with a detailed review and 360° videos for every item on the Bikerheadz website. We'll keep you informed of all the latest offers and product information via e-shot and you can share this catalogue with your customers and order more as required. If you'd like to join our network of specialist dealers, then we'd love to hear from you.

SCAN ME

AWARD WINNING HELMETS.

In a Scorpion helmet, you'll find all the latest technology, along with the features you would expect from a high-end helmet brand... and some you hadn't even thought of. You'll find class-leading helmets that are backed by a 5-year warranty. What you won't find is a hefty price tag.

SCORPION. GET STUNG.

SCAN ME

SCORPION

Scorpion Helmets are cool – very cool! They describe themselves as ‘the next wave in motorcycle helmet design’ and who are we to argue? Engineered by some of the world’s most sought-after helmet designers, coupled with wild and innovative graphic designs, Scorpion Helmets certainly stand out from the crowd.

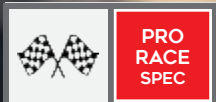

Servicing Europe from their Euro HQ in Strasbourg, France, the Scorpion Sports Factory provides something for every type of rider, on every kind of budget. Their range features a variety of different shells including Fibreglass/Kevlar™, polycarbonate and Carbon. As well as this diverse mix of materials, you’ll find Race Helmets, Touring Helmets, Adventure Helmets, Offroad helmets, Custom Open Face, Streetfighter and more all included in the Scorpion collection. We weren’t making it up when we said that there was something for every type of rider!

These guys are not only creative but they’re also innovative as well, with their patented Air-Fit technology (pump up cheek pad system), coupled with Kwikwick liners giving their helmets incredible fit and comfort. Pinlock Max Vision visors feature on most models in the range, with Bikerheadz also stocking their complete collection of affordable visors and other accessories.

When considering your next lid, we think these award-winning helmets should be in the mix and with a 5-year warranty on all products, what’s not to love? Having established themselves as a top 5 brand in the American market, Scorpion Helmets are now a force to be reckoned with in Europe too!

COMMUNICATION SYSTEM

At Scorpion, we believe that an intercom is an accessory that should make your riding experience easy and smooth, no more crackling and inaudible dialogue.

WELCOME TO HD CLARITY IN YOUR HELMET

Boost 2.0 speakers are equipped with an equalizer, a bass booster and a balance to adjust the sound easily via the dedicated Scorpion smartphone application both available on iOS and Android. Moreover, uClear patented dual microphone and noise reduction system will filter wind noise to transmit your voice only.

RIDE TO YOUR FAVOURITE MUSIC

Multitasking audio technology enable you to listen to your music and to share it with your mates while adjusting the volume to the vocal chat and with your GPS instructions. The EXO-COM is an IPX5 certified device and its warranty lasts for 2 years. Discrete, it only weighs 78g and measures 80x35x15mm. Providing outstanding performance, you will benefit from 15 hours of use and at a range of up to 800m.

Designed for your helmet, the EXO-COM integrates itself perfectly in your EXO-520 AIR and your EXO-930, partially pre-installed if you purchase the helmet in its SMART version and easy to install if you buy it separately. The EXO-COM is also designed for an easy and aesthetic mount on your EXO-HX1, ADX-2, EXO-230 and EXO-TECH CARBON with the universal mounting kit.

ONE LESS THING TO WORRY ABOUT.

When you buy a Rukka, you aren't just making a smart decision. You are buying 70 years of expertise, perfecting the art of creating world-class functional motorcycle outerwear, backed by a UK exclusive 6-year* warranty. (*subject to online registration)

IT'S A RUKKA. JUST RIDE.

rukka®

RUKKA

Rukka is, without doubt, one of the best and most popular motorcycle clothing brands on the market. Founded in 1950 in an old Finnish farmhouse kitchen, Rukka has come a long way since those early days and can now proudly boast of their global reputation and multi-award-winning product range.

The Rukka collection at Bikerheadz is headlined by the very best motorcycle suits that money can buy, whilst being supported by their complete product range including touring gloves, casual wear, base layers and aftercare products to keep your gear fresh and well maintained. So why are Rukka products so good? There are several reasons; From the planning stage, right through to the finished product, Rukka spares no expense in creating the highest quality technical and functional garments not just for the motorcycle rider but also for a range of sportswear and sports accessories. In product development, Rukka work closely with various R&D institutions, whilst collaborating with some of the best material suppliers such as Outlast, Armacor, D3O, 3M, Cordura and Gore-Tex.

Flagship products such as the Kingsley, Nivala 2.0, Kallavesi and Lady Nivala add enhanced quality to the range with Gore-Tex Pro laminate construction. This journey to perfection has also seen them create one of the strongest summer mesh suits in the world – the Forsair Pro which is made with Cordura AFT.

We are so confident in the Rukka range that we offer a UK exclusive, 6-year warranty on all their armoured, outer garments. Additional confidence for their Gore range of garments comes in the form of the Gore-Tex GUARANTEED TO KEEP YOU DRY™ promise. It's also worth noting that not only are Rukka products some of the best on the market, they also look pretty damn cool as well!

Designed with the same meticulous detail as the jacket, the Kingsley trousers feature the same Gore-Tex Pro 3-layer laminate construction with Armacor® aramid fibre reinforcements on the knee and hip areas. Outlast® thermo-regulating lining, Rukka AirCushion and Keptec in seating area, Stretch zones on crutch, knee area and back yoke improve flexibility and riding comfort. Heat and abrasion resistant leather patches on inner side of knees and on seating area. Zipped vents on the front and rear of thighs provide air flow when needed, the lower leg area is zipped with velcro ankle closure. There are two external water resistant pockets and connecting zipper for the jacket plus detachable Rukka braces. CE-approved 1621-1 2012 Level 2 Rukka D30® Air XTR hip, knee and shin armour provides protection in all the key areas. Also, it features the removable 90% down/10% feather Down-X trousers, offering unequalled warmth.

The Kingsley is the flagship model in the Rukka range, featuring a Gore-Tex Pro 3-layer laminate with Armacor® aramid fibre reinforcements plus Outlast® lining. The Kingsley also features the Down-X 2.0 removable insulated down/feather jacket and trousers.

ENDLESS EVOLUTION

THE ALL-NEW C5.

The Schubert C5 is the new state of the art helmet from the Schubert flip-up collection and the first helmet featuring the P/J dual homologation approved according to the new ECE-R 22.06 standard. The Schubert C5 blends ultimate safety, amazing aerodynamic performance with compact and light design. The interior, with its exclusive Schubert individual seamless linings concept offers an unparalleled comfort level. Plus, it's backed by a 5-year* warranty. (*subject to online registration)

ENGINEERED FOR THE RIDER

SCHUBERTH

SCAN ME

SCHUBERTH

Founded in 1922, Schubert's multi-award-winning helmets have to be the natural choice for any tourer or professional rider looking for a new lid. As innovators, Schubert are the guys that came up with the flip-front helmet, a style preference for many riders. And in their continued quest for excellence, Schubert helmets are designed and optimised using an aero-acoustic wind tunnel making them the quietest on the market.

The new Schubert C5 shell is extremely strong yet retaining flexibility as it's made from DFP (Direct Fibre Processing) reinforced with Carbon Fibre technology. Vision is also of paramount importance on any ride so Schubert uses Optical Class 1 visors. We'd liken the experience to riding in 4K! The C5 and C4 Pro Carbon allows you to simply plug and play with a fully integrated comms system. With quality comes assurance, backed by a long warranty – all Schubert helmets are covered for 5 years (online registration required).

And it's not just on the road that Schubert helmets are hugely popular. In motorsport, Schubert can be found on the grid all the way up to Formula 1. In 2009, [then] Ferrari driver – Felipe Massa was struck in the head by a spring that had come off of Rubens Barrichello's Brawn just ahead of him. With no time to react, the spring struck Felipe in the head. In his own words, "Your helmet saved my life, you did a fantastic job.". We don't think there could be a better endorsement!

MADE IN GERMANY

the all-new C5

1 HELMET SHELL

- DFP fibre glass shell reinforced with carbon fibre for improved shock absorption strength and lighter weight.

2 VENTILATION

- Double chin air intake featuring removable and washable filter

The double-D fastener guarantees simple and precise adjustment of the chin strap and ensures a reliably firm fit.
- Anti-fog insert.
In the “town position”, the S2 SPORT high-tech visor ensures maximum ventilation even when riding slowly.
- AROS
Anti Roll Off System, no buffeting and no lift.
- Riding into the rising sun no problem
The S2 SPORT is equipped with an integral sun shield.

PINLOCK VISOR CARE

Pinlock® VISOR CLEAR cleaning cloths are extremely easy to use – just use the wet cloth to remove any dirt from the Pinlock® visor and then use on your outer visor to remove any insect residue. Allow the Pinlock® Visor to dry naturally & use the dry cloth to wipe your outer visor to avoid streaks and reflections. (The dry cloth is for use when drying your outer visor only).

Also New from Pinlock® is INTERIOR FRESH. Pinlock® Interior Fresh is perfectly made to refresh the inside of your helmet, which is either difficult to wash or can't be washed at all. From now on you can easily remove sweat and other bad odours from your helmet interiors, gloves, jackets and trousers.

PINLOCK EARPLUGS

SET (CONTAINS 2 PAIRS IN S & L) • 3000507

Pinlock Earplugs are made from latex and silicon-free TPE grade material. Features an advanced precision filter, they are reusable and upgradeable to custom fit. The box includes 2 pairs of outers in 2 sizes, small and large, as pictured to the left.

RRP:
£19.99

A REPUTATION YOU CAN STAND BY.

Daytona - the benchmark in motorcycle boots - now bring you the Spirit Pro, Road Star Pro and Travel Star Pro. Only available through our official UK & Ireland dealer network, the Pro Series have upgraded features and an exclusive 3-year* warranty. (*subject to online registration)

HANDCRAFTED IN GERMANY

FREY daytona®

DAYTONA

Originally founded in 1957 in Bavaria, this family-owned company have stayed true to their original values in producing handcrafted, quality boots. Sure, anyone can say 'quality' but with Daytona, that is genuinely what you're buying. So, what does that actually mean – well, with Daytona, only the finest raw materials are used in all of their products. These are then handcrafted into each pair of boots, using the most modern techniques.

Safety, of course, remains a priority so each product in the range includes highly developed safety features and Daytona boots are extremely comfortable, not only on a ride but also on foot. As well as premium leathers, most models in the range feature a Gore-Tex waterproof lining to further enhance rider comfort. We should also mention that all Daytona boots are CE approved and the UK PRO Series (Roadstar PRO, Spirit PRO, TravelStar PRO) all come with up to 3-years warranty (terms & conditions apply).

Customer feedback hints at how good these boots are in the long run with some customers stating that they've owned them for 15 years and they're still going strong. For the longest possible product life, Bikerheadz provides a repair and refurbishment service to all Daytona owners. These multi-award-winning boots were voted 'Best Brand 2020' by Motorrad readers for the 15th year in a row, receiving 59% of the vote. And if further endorsement were needed, look no further than the Isle of Man TT where Daytona boots are used by a majority of the riders.

HANDCRAFTED IN GERMANY

FREY daytona®

NOT JUST FOR PRO RACERS!

With Daytona GP.Custom, you can design your own Security Evo III outer boot. Just pick the colour scheme and the Daytona Race Dept. will do the rest.

Choose from a myriad of leather colours to create your own unique pair of Daytona Security Evo III's. You can select any combination of colours for sections of the boot, the Daytona logo and for an additional charge, you can choose your own embroidered name, race number or wording.

DISCOVER YOUR NEXT ADVENTURE.

Personalise every detail with TomTom - you don't just pick your destination, you choose your journey. TomTom Rider 550 now features an even faster quad-core processor and a whole list of useful features to give you the best experience on two wheels.

THE ROAD LESS TRAVELLED.

TOMTOM

RIDER

TOMTOM

When you think satellite navigation there's every chance that you'll immediately think 'TomTom', such is the strength of their brand and their position in the market. As our world becomes ever more environment focused TomTom's vision is of a world that is safe, connected and autonomous, whilst being free of congestion and emissions. With grid-locked roads and high accident rates, smarter solutions are needed to help keep us moving and TomTom's continuous drive in location technology aims to help do just that.

If you're up for an adventurous ride, TomTom will easily help you plan to ride the hilliest and windy roads. And once you've discovered some great rides you can personalise and continue to enjoy these riding routes with MyDrive. They can also help you to discover the world's best-curated riding routes – exclusive to TomTom.

You can now update your TomTom without the need for a computer as all updates are done through Wi-Fi, so you'll easily be able to enjoy your lifetime subscription to World-wide Maps, TomTom Traffic and Live Services.

You'll be able to make calls hands-free using your TomTom and any smartphone messages can be read aloud. You'll also be able to enjoy full compatibility with Siri and Google Now. With a quad-core processor, double the processing speed and five times faster start-up the new TomTom range provides the perfect companion on any ride.

THE SAFEST JEANS ON EARTH.

If you're planning on wearing jeans on your bike, then these are the best you can get. PMJ are designed and produced in Italy to exacting standards using ground-breaking Twaron Ballistic weave. The result? The safest jeans on Earth. CE Approved to 13595 Level 2 and up to AAA EN17092.

HANDCRAFTED IN ITALY.

SCAN ME

PMJ

When it comes to the world of fashion, Italy's importance cannot be understated. So, it's no surprise that the coolest jeans for riders, that would also look good in any fashion retailer, should also be of Italian origin.

Like any of the fashion brand's products, PMJ jeans are equally as comfortable, as well as providing a great fit. In fact, PMJ jeans are made in the same factory as other, household Italian premium labels.

So, we've told you that they look great but what about the safety angle? PMJ's priority has always been the safety of the rider as they're a company of motorcyclists themselves. Therefore, PMJ products are now widely regarded as the safest jeans in the world. To achieve such high safety standards, they use materials such as Twaron – that's the same stuff used to make bulletproof vests!

Using Single Layer Technology in New Rider, Deux, Russell, Lady Sara, Lady Spring and New Lady Rider, plus the new West & Lady Lucy jackets, the PMJ range is now all CE approved with several styles now meeting the highest category rating of AAA. What we love about PMJ is that they have always existed to exceed the limits imposed by safety regulations, not just meet them and this has always been the case throughout their 30-year history. That's why they always have been and will remain ahead of their competitors.

A

SAFE NEVER LOOKED SO COOL.

If you are after a premium fashion jacket but also one that is CE approved and will protect you in all the right places when out on the bike, Segura have nailed it. Crafted from leather or fabric, the range is timeless in design and backed by an exclusive 3-year* warranty. (*subject to online registration)

L'EXIGENCE DU STYLE.

SEGURA

SCAN ME

SEGURA

Founded in the 1960's, this leading French clothing brand has always been at the cutting edge of combining classic style and elegance with the latest technologies. Since the beginning, the Segura team has always been made up of motorcyclists and this comes across in their desire to design high-quality clothing of taste, whilst guaranteeing the best possible performance and enjoyment whilst on a ride.

The Segura spirit drives them to constantly push technical boundaries whilst being innovators through their choice of leathers and textiles used for their uniquely styled range of products.

Drawing on over half a century of experience, their workmanship is of exceptional high-quality as these guys really are leather craftsmen. This quality craftsmanship is backed by full CE approval on their complete range of products, not just the armour. There is also an exclusive UK 3-year warranty on all jackets and trousers (subject to online registration).

As innovators, Segura lead the way in many areas and were the original pioneers of the one-piece race suit. It's also worth mentioning their great range of retro-style gloves as these offer the rider a stylish, superior quality product that will feel great on any ride. If you want to look good in a premium fashion product with a retro style, then Segura is the collection for you.

THE DIFFERENCE IS IN THE DETAIL.

Premium is the only way to sum up a Racer glove. Everything from the stitching to the materials used are first-class, designed to protect and made to last. Engineered in Austria, all Racer gloves are CE Approved.

QUALITY THAT YOU CAN FEEL

RACER

Although Racer are an Austrian company, it's safe to say that their reputation is global with riders from all over Europe and the United States choosing to ride with gloves from their superb range. With over 35 years' experience, these guys know how to make a quality glove with an optimal fit and in a full range of sizes, including up to 4XL in some instances.

The full range offers something for every type of rider - Adventure, touring, off-road, road racing and urban. Whatever you'll be using your Racer gloves for we can honestly say that you'll be guaranteed an extremely comfortable glove that is also safe.

A premium product requires premium materials and only the best is used in the Racer range including Knox protectors, Pittards leather and kangaroo leather. Such quality has led to Racer winning multiple awards and their products are CE approved.

GATE GORE-TEX® Gloves

BLACK (M - 3XL) • 925GGATE

Premium goat leather outer with Gore-Tex® membrane and Gore-Grip® technology. Features digital reinforcement on the palm, easy-flex zones on the first fingers to offer great movement, soft and warming Softcurl® lining, a waterproof zipper plus visor wipe.

GORE-TEX® Gloves
+ Gore grip
technology

HOW DOES GORE-TEX WORK?

At the heart of all gloves engineered with Gore-Tex® inserts.

The GORE-TEX® membrane contains over 1.4 billion microscopic pores per square cm (9 billion pores per square inch). These pores are 20,000 times smaller than a water droplet, but 700 times larger than a water vapor molecule. Water from the outside will never penetrate. Yet perspiration can escape easily, so that less moisture is trapped in the insulation. The result: your hands stay warmer when it's cold and drier when you perspire.

RRP:
£149.99

PILOT GORE-TEX® Gloves

BLACK (M - 2XL) • 925GPILOTB

The Pilot is designed as the ideal winter glove - a long cuff, Gore-Tex® membrane, a TPU knuckle protector, waterproof zipper, easy-flex system and knuckle pleats on the fingers for optimum flex. A light Primaloft® lining reflects the heat to keep your hands warm and mobile.

RRP:
£129.99

RACE CARBON WINTER

BLACK (M - 3XL) • 925GRACEB

DESIGNED FOR HEATED GRIPS

Designed for heated grips, the palm of the Race Carbon has no wadding for optimum contact, while the back of the glove is lined with a warm, insulating layer. Features a waterproof, windproof and breathable membrane, carbon knuckle and scaphoid guard, elastic wrist pull cord, reflective print and it's also touch screen compatible. CE-Approved.

DESIGNED FOR USE WITH HEATED GRIPS

THE BOOT OF ITALY.

Falco boots are designed and manufactured in an area of Italy famous for its links to motorcycle boot production. Just north of Venice, Falco create boots that will take you wherever you need to go. Road, track or trail, there is a Falco that will do the job safely and in style. All Falco boots are CE approved.

ITALIAN STYLE. CE APPROVED

FALCO
MOTORCYCLE BOOTS

SCAN ME

FALCO

Falco have been making top quality motorcycle boots for over 20 years. They say they're 'Driven from passion, to live on 2 wheels at the maximum' and who are we to argue?

The Falco range features a boot for all sectors including adventure, touring, off-road, road-racing and urban. Combining premium materials such as D30[®], Vibram[®] and High-Tex[®], with innovative construction solutions, their boots are incredibly comfortable as well as safe. The use of D30[®] Impact Protection helps to absorb impact energy with any force around the ankle/foot significantly reduced thanks to D30[®] exclusive support.

What we love about their range is the diversity which includes styles that you wouldn't typically find on the motorcycle industry. And this diverse collection isn't just for men as Falco also have a great ladies' range too. Falco's innovative and well-made boots are all CE approved and should definitely be a consideration when looking for your next motorcycle boot.

WHEREVER YOU RIDE, THERE IS BERING.

Since 1951, Bering has created motorcycle garments to meet the demands of every rider. Today, they combine years of expertise with the latest materials and for 2022 bring you new versions of the tried and tested BWTech waterproof membrane and the new Shelltech insulation liner. All Bering outerwear is CE-approved and has a 3-year or 5-year* warranty.

(*subject to online registration, 5 year for Gore-Tex garments)

BERING

BERING

Bering is another of our brands with a long and healthy heritage. Founded in 1951, this French company proudly puts its name to some of the finest gear on the market, designed to suit any rider and any riding condition. Their origins saw them not only producing clothes for the motorcyclist but also for sailors, often exposed to the rigours of life on-board under some of the most demanding conditions. The Bering name was taken to underline the purpose of their products with the polar bear branding a further reflection of this. The polar bear has adapted to the survive the harshest of environments, just like their clothing.

As innovators, Bering are pioneers in the use of textile welding techniques, guaranteeing the maximum degree of waterproofing. They were also the first French motorcycle clothing company to use Gore-Tex, the first French brand to certify its entire range of gloves in line with the applicable EU directive and the first brand to present a jacket/pants set that is compliant with CE standards for protective clothing for professional use – we could go on!

With their continued focus on safety, style and comfort, Bering uses a wealth of materials in production with the latest laminate technology used in some of their jackets and pants (Flagstaff, Hurricane, Slike, Jacky and Alaska) and the very latest Alpha and Omega armour system also features in their range.

All Bering clothing is CE approved (not just the armour) and there's an exclusive extended UK 3-year warranty for jackets and trousers, with 5 years for Gore-Tex jackets and trousers. (Subject to online registration). Bering gloves are definitely worth a look too with their range including some great Gore-Tex winter options. Bering really does offer something for everyone, no matter what bike you ride.

FixnZip® works on tooth & coil, metal and plastic zippers and comes in three sizes for easy sizing, small, medium and large. FixnZip® repairs broken zippers that separate or come undone and can also be used on both opened and closed end zipper meaning that FixnZip® can practically repair any and all broken zipper sliders. No tools or sewing are required making zipper repair easier than ever!

Measure Your Zipper

If your zipper doesn't have a number on the back, you can simply measure the width of the zipper teeth in millimeters or inches.

Teeth/Coil Width

Small: 1 to 4.5mm / 0.04 to 0.18in

Medium: 5 to 7.5mm / 0.19 to 0.30in

Large: 8 to 10mm / 0.31 to 0.40in

Available in 3 sizes. Small, Medium & Large
Measure your zip as shown in the diagram.

RAM MOUNTS

Introduced in 1995, RAM Mounts is the leading manufacturer of rugged and versatile mounting solutions for nearly any application and device. These include phones, tablets, cameras, GPS systems, radios and many more. Made in the USA, RAM Mounts are the industry standard when it comes to motorcycle mounts and lead the way in terms of innovation.

RAM mounts are the most innovative product line of its kind, with their mounts offering around 5,000 modular components. They are built on the interchangeable ball and socket system and designed around an elastomeric rubber ball. These components incorporate non-slip functionality as well as shock and vibration damping.

With the totally unique design of the patent-protected RAM Mounts system, you'll be able to achieve quick installation and be able to easily adjust your mount. All RAM Mounts are incredibly durable and available at a very competitive price. It's also worth mentioning that all RAM Mounts are backed by a lifetime warranty - another reason why their mounts are the obvious choice.

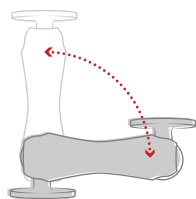

How it Works

1. Choose a Device Adapter
RAM® offers a wide selection of adapters and cradles for your specific device.
2. Choose an Arm
Select an arm based on your desired length and placement.
3. Choose a Base
Select from a variety of bases to help secure your device where you need it.

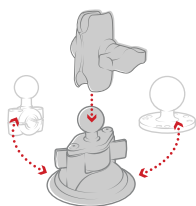

The RAM® Difference

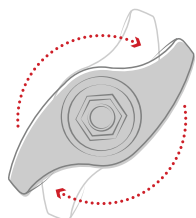

Premium Design

The rubber ball and socket design of our mounting systems offers a secure hold, with near-infinite adjustability and vibration dampening for the most demanding environments. With thousands of components trusted by users around the world, we've been able to design and develop mounting solutions that consumers and companies previously only dreamed were possible.

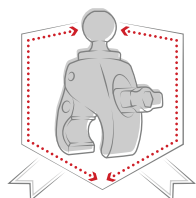

Customizable

Take your phone mount from your truck to your boat, or mix and match components to create your ideal mount. Because of the modularity of the RAM® system, you can customize your solution to fit your specific needs in almost any application.

Quality Materials

A premium design deserves the highest quality materials available, from rubber and stainless steel to high-strength composites and marine-grade aluminum. Our facilities—including powder coating, die casting, rubber injection molding, and shock and vibration testing—help us deliver on this promise to bring you inventive mounting solutions.

Lifetime Warranty

It's simple. Our reputation as the leader of premier mounting systems means if we build it, then we guarantee it. We're confident in the quality of our products, and with our warranty, you can be too. Learn more [[link: rammount.com/warranty](http://rammount.com/warranty)] about our lifetime warranty.

DEVICE HOLDERS & ADAPTERS

RAM® X-Grip®

Smartphone holder with device tether included. Holds phones up to 3.25" wide.

RAMMCHOLUN7B

[RRP £34.99]

Smartphone holder with device tether included. Holds phones up to 4.5" wide.

RAMMCHOLUN10B

[RRP £41.99]

Tether (included)

Ensure added peace of mind with the RAM® X-Grip® Tether, keeping your mounted device safe from excessive wind and G-force. In addition, it adds stability and vibration control when recording video.

Action Camera Adapters

Capture the best photos and video possible with the help of RAM® Mounts camera ball adapters, allowing for the perfect angle and a secure hold. Constructed with the highest quality materials, the RAM® ball design dampens shock and vibration so you always get the perfect shot.

1" ball with GoPro adapter, fixing to the underside of the device.

RAPMC202GOP1

[RRP £15.99]

1" ball with universal camera/camcorder thread on a round plate.

RAPMC366

[RRP £12.99]

1" ball connected to a custom Garmin VIRB adapter.

RAMMC202GA63

[RRP £12.99]

1" ball with self-levelling can holder.

RAMMC132B

[RRP £25.99]

RAM® Level cup®

This self-levelling cup holder is the perfect accessory for motorcycles, ATVs and more. With two independent self-levelling hinge points that freely swivel, keep your beverage from spilling while taking any rough turns. Ideal for cans and small drinks up to 16oz.

ARMS

Black Arms

Available in short, standard and long sizes, RAM® Mounts B size double socket arms accommodate 1" ball bases. RAM®'s ball and socket technology allows for near infinite adjustability.

RAMMC201

[RRP £19.99]

Long double socket arm.
Length: 6"/153mm

RAMMC201C

[RRP £28.99]

Short chrome double socket arm.
Length: 2.38"/61mm

RAMMC201ACH

[RRP £58.99]

Chrome Arm

Almost all RAM® Mounts you've seen have likely been all black. But our chrome double socket arm is the perfect match for chrome motorcycle handlebars.

BASES

Torque™ handlebar base

RAM® Mounts Torque™ bases fit a variety of rail and bar sizes for secure placement of your device. Sizing inserts create a tight hold while protecting the bar. Mount your GPS unit, camera, phone or tablet to handlebars, roll cages or even mirror posts.

Small handlebar base.
Bar size range: 3/8" - 5/8"
9.5mm - 15.8mm

RAMMC4083762

[RRP £26.99]

Medium handlebar base.
Bar size range: 3/4" - 1"
19mm - 25mm

RAMMC408751

[RRP £26.99]

Large handlebar base.
Bar size range: 1 1/8" - 1 1/2"
25mm - 28.5mm

RAMMC40811215

[RRP £29.99]

U-bolt handlebar base

This base has a 1" diameter rubber ball designed to sit at right angles on the mounting rail. The zinc-coated and stainless steel U-bolts accommodate rails from .5" to 1.25"/12.7mm to 31.8mm in diameter. Black caps are included to cover the exposed ends of the U-bolt and a composite adapter can narrow the minimum diameter of the rail to .5"/12.7mm.

U-bolt handlebar base.
Bar size range: 0.5" - 1.25"
12.7mm - 31.8mm

RAMMC231Z

[RRP £20.99]

U-bolt handlebar base.
Bar size range: 0.5" - 1"
12.7mm - 25.4mm

RAMMC231CH

[RRP £41.99]

Small Tough Claw.
Bar size range: 0.625" - 1.5"
15.9mm - 38.1mm

RAPMC400
[RRP £46.99]

Medium Tough Claw.
Bar size range: 1" - 1.875"
25.4mm - 47.7mm

RAPMC404
[RRP £48.99]

RAM® Tough Claw™

The RAM® Mounts Tough-Claw™ is the perfect mounting base for quick installation and removal on round, square and odd-shaped rails and bars – such as handlebars or roll cages. The RAM® Tough-Claw™ can be clamped on rails from .625" to 2.25"/15.9mm to 57.2mm in diameter, making this an ideal solution for mounting tablets, action cameras, phones and much more.

**No.1
BEST
SELLER**

Handlebar clamp base.

RAMMC367
[RRP £15.99]

Handlebar clamp base

This 1" rubber ball base will replace an M8 by 25mm, 30mm or 35mm handlebar bolt. To determine compatibility, measure the bolt length and add 30mm to the length. Screw the ball base onto the handlebar top clamp using one of three included 1.25mm thread pitch bolts: M8 x 55mm, M8 x 60mm and M8 x 65mm.

Fork stem base

The fork stem base is designed to fit and expand into the cylindrical bore wall of fork stems and will work with stems that measure 12 to 33mm (.5" to 1.29") in diameter. The base is made of powder-coated, marine grade aluminium and includes a 1" diameter rubber ball.

Fork stem base.
RAMMC342
[RRP £23.99]

Brake/Clutch reservoir base

The combination handlebar and brake/clutch reservoir base provides the ultimate flexibility for mounting your device to your motorcycle. The kit contains standard and metric threaded stainless bolts as well as zinc-coated metal U-bolts accommodating rails from .5" to 1.25"/12.5mm to 40mm in diameter.

Black Brake/Clutch base.
RAMMC3097
[RRP £28.99]

2-ball black Brake/Clutch base.
RAMMC3092
[RRP £26.99]

BASES

RAM® Twist & Tilt™

The RAM® Twist and Tilt™ threads into the stock mirror location, giving users the ability to twist the mount 360 degrees, while the 1" ball can be tilted 180 degrees. Designed to be discrete and made of die cast marine grade aluminum, this versatile pivot base provides numerous mounting possibilities.

Twist & Tilt base.

RAMMC360
[RRP £30.99]

Bolt Head Adapter base

The versatile flat base – with a bolt-down area of 2.25" x .875" x .2" – includes a 1" diameter rubber ball and an 11mm hole. The angled base version also includes a 1" diameter rubber ball and a 9mm hole, and a bolt-down area of 1.125" x .75" x .2". Both bolt head adapter bases are often attached to the mirror frame and fit well on exposed bolts.

Flat Base

Drill down (AMPS) base

These drill down bases are suitable for AMPS hole patterns. Choose between diamond, round and rectangular plates. The AMPS hole pattern is an industry standard hole configuration. It consists of four (4) holes located in a rectangular pattern spaced at 1.188" by 1.813" (30mm by 38mm). In most cases the AMPS pattern consists of 8 holes. This allows the mount to be fitted in both a horizontal or vertical orientation.

Suction Cup base

Twist-Lock™ Suction Cup

The 2.75"/69.9mm RAM® Twist-Lock™ Suction Cup is designed to have an extra strong hold on any smooth, non-porous surface.

Twist Lock suction cup.
RAMMC2241
[RRP £24.99]

Low Profile Suction Cup

If you're looking for a smaller and lighter solution, the Low Profile RAM® Twist-Lock™ Suction Cup still provides a great hold on both glass and non-porous surfaces. Suction cup size is 2.75"/69.9mm

Low profile suction cup.
RAPMC2242
[RRP £17.99]

BASES

Strap Clamp base

Designed for a clean installation, the strap clamp bases accommodate most common tubing sizes, allowing for the placement of the RAM rubber ball base. Safely concealing a strap clamp in a compact housing, you won't have to worry about exposed sharp edges or unwanted loosening.

Strap Clamp
Fits tube 1.57" - 3.15" dia
39.88mm - 80.1mm.

RAMMC231Z2
[RRP £29.99]

Strap Clamp
Fits tube 1" - 2.1" dia.
25.4mm - 53.34mm

RAMMC108B
[RRP £25.99]

Stem Mount HD base

3 sizes: 13mm, 15-16mm & 19mm. Specially designed to fit BMW, Honda, Kawasaki, Suzuki, Triumph and Yamaha, Stem-Mount HD provides an incredibly sleek and sturdy footing for users to then subsequently utilise GPS, smartphones, action cameras and more. Requiring no assembly, measuring or cutting to size, it's ready to use and takes seconds to install. Simply insert the Stem-Mount HD into the exposed central fork stem, tighten the bolt using a 6mm M6 hex (Allen) key, cover the exposed bolt with the included cap for aesthetic and you're good to go.

LGL 49 POLA
polavision®

Snowheadz has its own YouTube channel where you'll find the latest video reviews, as well as devoted Facebook, Twitter and Instagram channels, all of which can be accessed via our web-site landing page. Snowheadz is proud to distribute three main brands, all of which are leaders in their respective fields, and household names in the winter sports world:

Uvex

Founded nearly a century ago in Germany, Uvex is one of the leading international manufacturers of personal protection equipment (PPE). The company name actually means 'ultraviolet exclusion' and with their motto – 'Protecting People', you get the understanding that these guys are all about your protection. At the forefront of design and technology, uvex has an outstanding reputation and offer a superb range of eyewear including goggles and glasses. All goggles feature Supravision® coating technology to ensure fog-free vision. Other lens technologies in goggles and glasses include Variomatic® stepless self-tinting, Polavision® polarised against reflections and Colourvision® ultimate contrast enhancement. uvex also offer a great range of helmets too, having introduced them to their collection over 30 years ago. Some models are still made in Germany featuring innovations such as +technology, a lightweight shock dispersant outer material and Variomatic® visors. Firmly established as market leaders across many countries in Europe, uvex is also the product of choice for many pro athletes.

Roeckl

Another of our German brands, Roeckl has been producing top quality gloves since 1839. This long-standing family-run business now sells its gloves in more than 60 countries. Their strong passion for gloves remains the company's driving force and focusing on one product pays off: As a specialist glove manufacturer, Roeckl is synonymous with tried and tested functionality and tangible wear comfort. Premium materials, a top-quality fit and meticulous workmanship make Roeckl the obvious choice for gloves.

Alpenheat

Austrian based Alpenheat produces heated clothing and footwear driers. They proudly say 'Wear the heated clothing from ALPENHEAT and never freeze again! Their fantastic range of heated vests, pants, gloves and socks certainly make the cold weather so much more bearable, as well as being extremely comfortable. Alpenheat boot driers provide a flexible and effective solution to quickly and gently dry wet shoes, gloves and various kinds of clothing.

You can check out our complete collection of uvex, Roeckl and Alpenheat products at snowheadz.co.uk

PETS

ENGINEERED IN FINLAND

houndheadz
FED BY TRANAM

Houndheadz is proud to offer Rukka Pets products. Rukka is a highly regarded Finnish brand, famous for their class-leading premium motorcycle outerwear products made to exacting standards. Rukka Pets understands the love that you have for man's best friend and a huge amount of effort goes into making sure that every product is the perfect fit, with each item made from premium, long-lasting materials that are designed to withstand any weather. We mentioned Rukka's attention to detail and the pet range continues this trend with everything fully coordinated and designed to look fantastic, while performing to the highest standards.

The huge Rukka Pet range includes jackets, leads, collars, harnesses, beds, paw wear, life vests, safety wear and even microfibre bath towels – all designed to provide maximum comfort and endurance for your pet's daily activities, in any temperatures and any weather conditions. Safety is important to Rukka so visibility is a priority. Their great range of safety gear includes reflective, neon and LED products that are essential in making sure that your pet is seen. Environmentally conscious, some Rukka Pets models are made from recycled material including Twist and True leads and collars.

Houndheadz has its own website featuring our full product range – houndheadz.co.uk - from where you can also access our Facebook, Twitter and Instagram channels plus a devoted YouTube channel where you'll find the latest video reviews.

PROTECT OVERALL [RRP from £59.99]

BLACK: 4060500204990

YELLOW: 4060500204430

DARK AGAVE: 4060500204572

Sizing: 25, 30, 35, 40, 45, 50, 55, 60, 65

High performance stretch waterproof overall with taped seams. Features zip closure and elastic adjustable waist, adjustable high protective collar, opening for lead attachment, adjustable cuffs and hi-vis piping and logo.

SKY JACKET [RRP from £54.99]

DARK AGAVE: 4060405504572

Sizing: 25, 30, 35, 40, 45, 50, 55, 60, 65

A lightweight raincoat to protect the dog from rain and mud, especially in spring and autumn. The raincoat's mesh lining ensures good breathability. The collar is high from the back to protect the neck from rain but low in the front so that it feels comfortable to the dog. The adjustable neckline and waist ensure that the raincoat fits well on dogs of all shapes and sizes. The waist's quick buckle closure makes the raincoat easy to put on. There is a two-way zip opening on the back of the raincoat for harness fastening. Elastic rear leg straps ensure that the raincoat stays in place in all conditions, including higher intensity activities. The raincoat has reflective piping.

SKY & COMFY CAN BE WORN TOGETHER FOR THE
ULTIMATE WARM AND DRY COMBINATION

COMFY PILE JACKET [RRP from £39.99]

CAMO: 4060560651590

Sizing: 25, 30, 35, 40, 45, 50, 55, 60, 65

Keep the dog warm in cool weather conditions with the Comfy Pile. The soft knit fleece coat has a brushed interior and the cut of the garment adapts to the dog's movements making it almost unnoticeable. The knit fleece is made from a technical material that doesn't absorb moisture. Features a high, warming collar, elastic waistband and touch-fastener closure, elastic rear leg straps, reflective trim stitched on top of the seams plus it's fully washable and dries quickly.

STAR HARNESS

[RRP from £34.99]

BLACK: **4060306292990**

Sizing: XS - S - M - L - XL

Sporty, comfortable melange material for daily activities and outdooing. Features reflective weave, an ergonomic shape which distributes pull pressure uniformly, multiple adjustment points, buckle with safety lock, and durable top handle. Fully machine washable.

STAR COLLAR [RRP from £9.99]

FUDGE: **4060125292120**

BLACK: **4060125292990**

PINK: **4060125292630**

Sizing: XS - S - M - L - XL

Essential collar for daily use with woven reflective thread giving outstanding visibility in low light conditions. Features buckle with safety lock, two-piece safety ring for lead attachment, adjustable fit and gunmetal hardware. Can also be used as a semi slip collar.

STAR LEAD [RRP from £19.99]

FUDGE: **4060230292120**

BLACK: **4060230292990**

BLISS LEAD

[RRP from £16.99]

PINK: **4060200250630**

BLACK: **4060200250990**

TURQUOISE: **4060200250330**

SMOKE: **4060200250260**

RED: **4060200250650**

Sizing: S - M - L

Essential collar and lead made from durable nylon for daily use. The collar features buckle with safety lock, reflective stitching, two-piece safety ring for lead attachment to prevent load on the lock, adjustable fit and gunmetal coloured metal parts. Can also be used as a semi slip collar. The lead has the same hardware plus a padded handle for extra comfort and both are machine washable.

BLISS DOUBLE EXTENSION LEAD

[RRP from £14.99]

BLACK: **4060222250990**

Sizing: S - M

Durable 100% polyamide double extension lead with loop for lead attachment. Reflective details and gunmetal hardware.
